

FORCES OF ALLIES MAKING PROGRESS AT VESLE RIVER

More French and American Detachments Effect Crossing of Stream and Hold Their Ground in Face of Strenuous Opposition—Heavy Enemy Counter-Attacks.

RETREAT TO AISNE COUNTED PROBABLE

French Troops Also Advance Their Line 400 Yards North of Rheims—Local Attack by Enemy in Champagne Is Repulsed—Further Gains Made Near Montdidier.

PARIS, Aug. 7.—American and French troops have crossed the Vesle river east of Brains and held their positions, notwithstanding furious counter-attacks by the Germans, says the official French communication issued tonight.

North of Rheims the French have pushed back the German line more than 400 yards.

The text of the statement follows:

More Across Vesle

"Between the Oise and the Aisne, after a violent bombardment, the enemy attempted two surprise attacks near Bailly and Tracy-le-Val. He was repulsed in both instances.

"To the east of Brains (on the Vesle) a few of our elements, in conjunction with American troops, crossed the Vesle and established themselves on the northern bank, where they maintained themselves in attacks of two violent German counter-attacks.

"To the north of Rheims we have pushed our lines forward 400 metres between railways running to Rethel and Laon."

The early statement reads:

"In the region of Montdidier our troops have made some local progress south of Framcourt and south-east of Meziul-St. Georges (west of Montdidier).

"Along the Vesle the French last night repulsed German attacks against La Vauparce farm (west of Brains) and occupied the station at Ciry-Salonne. We made one hundred prisoners east of Brains.

"In the Champagne a local attack was directed this morning against our positions south of Aubert. It was thrown back."

"In the course of the fighting near the Vesle the French occupied the station at Ciry-Salonne, just west of the bend in the Vesle where it turns northward to join the Aisne."

Against Heavy Opposition

WITH THE AMERICAN FORCES ON THE AISNE-MARNE FRONT, Aug. 7.—(By the A. P.)—Under an inferno of shrapnel and machine gun fire and waves of gas the Americans forced their way over the Vesle River last night and early this morning, while rain varying at times from a drizzle to a downpour drenched the battlefield.

French troops already have gained positions on the American left, and the joint movement has brightened out the line from a point west of Basoches to Flines.

The Germans lost considerably in casualties. Prisoners' stories tended to corroborate the opinion of those previously taken.

U. S. CASUALTY LIST LENGTHENS RAPIDLY

WASHINGTON, Aug. 7.—The War Department late today issued two more army casualty lists, with a total of 143 names, classified as follows: Killed in action, 34; died of wounds, 11; died of disease, 11; missing in action, 8; wounded severely, 86; wounded, degree undetermined, 10.

July Losses Show Reduction

LONDON, Aug. 7.—The losses of British merchant ships in July were lower than during June, Sir Leo C. Chiosso Money, Parliamentary Secretary to the Ministry of Shipping, announced in the House of Commons today.

Bolshevik Against England, Aug. 7.—Berlin has reported to Sweden that all private communication between Russia and England has been suspended by order of the Bolshevik.

ITALIAN CAVALRY WORKS IN ALBANIA

ROME, Aug. 7.—The official statement issued by the War Office today follows:

"Between Asiago and the Brenta our patrols effectively harassed the enemy's advanced lines, inflicting losses and capturing prisoners.

"In Albania, on the Semeri River, our cavalry attacked an enemy column and brilliantly dispersed it. The enemy left many dead and we captured 72 men and five machine guns."

ST. JOHN, N. B., Aug. 7.—A party of 125 experienced lumbermen will leave here tonight by Canadian Government Railway for British Columbia to get out spruce for airplanes for the Imperial Munitions Board.

GENERAL MANGIN ISSUES ORDER

Praises and Thanks American Troops for Their Part in the Great Drive—Substantial Trophies of War Won.

WITH THE FRENCH ARMY IN FRANCE, Aug. 7.—(By the A. P.)—General Mangin, commander in chief of the Allied forces in the drive against the German right flank south of Soissons, has issued the following order of the day thanking the American troops for their brilliant participation in the battle which caused the German retreat between the Marne and the Aisne:

"Officers, non-commissioned officers and soldiers of the third American army corps:

"Shoulder to shoulder with your French comrades you threw yourselves into the counter-offensive begun July 18. You ran to it like a dog to a feast. Your magnificent dash upset and surprised the enemy, your indomitable tenacity stopped counter-attacks by his fresh divisions. You have shown yourselves to be worthy sons of your great country, and have gained the admiration of your brothers in arms."

COMPENSATION BOARD HEARS MANY CLAIMS

VANCOUVER, B. C., Aug. 7.—Since the first of January of this year 14,500 claims have been presented to the Workmen's Compensation Board, and of these 110 have been for death.

Last year industrial accidents up to December 31 numbered 217. More claims are being presented to the board to a much larger extent than in the first year, when the act was not so well understood by workmen and employers as it is today.

Paris Shelled Again

PARIS, Aug. 7.—The long range shelling of the region of Paris was resumed today.

British Advance In Lys District

Push Their Line Forward About Thousand Yards on Front of Nearly Five Miles Between Lawe and Clarence Rivers—Recapture Ground on Amiens Front.

LONDON, Aug. 7.—British troops over a front of nearly five miles have pushed their line forward to a depth of 1,000 yards between the Lawe and Clarence rivers, according to the British communication issued tonight.

"This morning and again this evening the enemy made four local attacks upon our positions astride the Braye-Corbic road, and was repulsed after sharp fighting.

"Raids attempted by the enemy during the day south of Hamel and southwest of La Bassée were driven off by our fire."

"The progress of our patrols in the sector east of Rebecq has been continued, and our line between the Lawe and Clarence rivers has now been pushed forward to a depth of about 1,000 yards on a front of nearly five miles.

"Further north our patrols entered the enemy's trenches today east of the Clappe forest and captured over thirty prisoners and a few machine guns. A few prisoners have been secured also on other parts of the front."

The text of the day statement reads:

"At an early hour this morning the British troops holding the sector on our front southwest of Montaucourt counter-attacked and regained all of the more important portions of the ground taken from them by the enemy in his attack yesterday. All the objectives of our counter-attack have been secured and a number of prisoners captured by us."

"As the result of the action of our patrols yesterday and during the night we have advanced our line a short distance astride the Clarence River, in the Lys sector, and captured a few prisoners and two machine guns.

"A party of our troops successfully

GREEKS EXPOSE BULGARIAN AIM

Say Their Neighbors Are Endeavoring to Exploit Friendliness of Allies—See Danger to Greek Interests.

MINISTER URGES OPPOSING ACTION

Position of Greek People and Their Army Is in Question—Allies Not Properly Informed on Situation.

ATHENS, Aug. 7.—Bulgaria is engaged in a most insidious and dangerous policy of exploitation of her neighbors, and is exploiting the eternal philo-Bulgar illusion in America and England, a proceeding which has been employed particularly of late.

"The rumors of a possible abatement on the part of Bulgaria have been confirmed by M. Michalopoulos, our Minister of Agriculture, who has returned from London, whither he went on a special mission," declared M. Carapanos in an interview printed in The Messenger, of this city.

"Bulgaria is employing her old method of blackmailing her allies in order to obtain the largest possible sections of the territory of her neighbors, and is exploiting the eternal philo-Bulgar illusion in America and England, a proceeding which has been employed particularly of late.

M. Carapanos recalls the 'deplorable consequences of the illusions among Entente nations in the past which weakened the confidence of Greece in the Entente.'"

"Three years of war have shown clearly the artful and brutal policy of Bulgaria, as well as her ardent militarism, the purpose of which is to accomplish destruction and to gain ultimate dominion by violence. It is to be hoped that by this time the powers know how to appreciate at its true value the pretended repentance of Bulgaria."

SIR ROBERT BORDEN HAS IMPORTANT TASK

TORONTO, Aug. 7.—F. L. G. Smith, editor-in-chief of the Toronto News, cabling from England, says: "Informed Canadians here resent criticism leveled at Sir Robert Borden because of his prolonged stay in England. The Prime Minister wants to leave soon, but is detained in connection with problems of vital importance to the welfare of the Canadian army and the Allied cause. When the facts are known some of the impatient writers in Canada will regret their present attitude."

France's Great Sacrifices

NEW YORK, Aug. 7.—Marcel Knecht, member of the French high commission to the United States, in an address today at the annual convention of the Knights of Columbus here said 1,300,000 French soldiers had been killed and 1,300,000 wounded in the war, and that "the policy was wonderfully cheered by the arrival of the Americans."

Mr. McAdoo's War Tax Plan

CHICAGO, Aug. 7.—William G. McAdoo, Secretary of the Treasury, tonight declared himself unreservedly in favor of a flat war profits tax of eighty per cent. "The adoption of an eighty per cent war profits tax should render unnecessary, and I believe undesirable, any increase in the existing excess profits tax rate," he declared.

PARIS, Aug. 7.—It is understood that the banishment of Louis J. Malty, former Minister of the Interior, will be deferred pending the adjustment of his family affairs. It is believed he will decide to go to England.

ROMANIAN CHAMBER AGAINST BRATIANO

AMSTERDAM, Aug. 7.—The Roumanian Chamber of Deputies unanimously voted today to prosecute M. Bratiano, former Premier, and four members of his Cabinet, according to an official report received here from Jassy. No action was taken as to the other members of the Bratiano ministry.

This decision followed the debate on the report of the parliamentary inquiry commission, which recommended that action be taken against the former Premier and his four colleagues.

Deputy Stocil introduced a resolution in the Roumanian Parliament on July 13 demanding the impeachment of the former Roumanian Cabinet, headed by J. J. Bratiano, for their conduct with the entry of Roumanians into the war.

BRITISH AVIATORS DOWN FIVE ENEMIES

LONDON, Aug. 7.—The following communication on aerial operations was issued tonight:

"Four enemy machines were shot down during the day of August 6 and one was brought down in flames on the following night. During the twenty-four hours twenty-five tons of bombs were dropped by us on railways, air bases and billets of the enemy and several direct hits were observed. All our machines returned safely."

PRAIRIE CROPS HAVE IMPROVED

Reports From Saskatchewan Districts Are More Encouraging—Wheat Cutting Commences in Southern Alberta.

REGINA, Sask., Aug. 7.—The report of the Saskatchewan Department of Agriculture sent out today says that crop prospects are much brighter at present than they have been for some time past throughout the province of Saskatchewan. Correspondents in nearly all districts report grain fully in head and ripening fast. There have been warm local showers in the last few days.

In a few districts there has been a certain amount of damage from hail. It has not been determined whether there was frost damage in the northern districts visited recently.

In the Saskatoon district the average condition of crops was never better, say the reports, and wheat cutting will commence about August 15.

LETHBRIDGE, Aug. 7.—Harvesting has started in many fields in this district. In some cases recent rains will make the yields higher than at first expected, although the average will be very low.

MOOSE JAW, Aug. 7.—Crop prospects are much brighter now, and in nearly all districts crops are fully in head and are reported with wheat ripening fast owing to the warm showers recently. Oats have improved considerably, and the situation, as regards feed for stock is not so bad. Harvesting may commence as early as August 15 in some parts of the province.

GERMAN WRITERS OFFER GUESSES

Say Their Armies Will in Short Time Resume Offensive—Praise Ludendorff's Method of Retreat.

AMSTERDAM, Aug. 7.—The Germans are not likely to remain on the defensive long, according to Gen. von Ardenne, the military critic of the Berlin Tagblatt.

"It is clear that the defensive battle fought by our retreating troops will not continue indefinitely," says Gen. von Ardenne.

"The German offensive has suffered an unpleasant interruption, but it cannot be regarded as a serious setback. It is a matter of time before the armies between the Aisne and the Marne were able to carry out their operations with their own reserves."

SEA POWER HOLDS ENEMY IN CHAINS

Premier Lloyd George in Review of War Situation Emphasizes Great Task Performed by British Navy—Very Many Additions Have Been Made to Its Strength.

WHAT WOULD BE RESULT IF U-BOATS SUCCEEDED

No Effort on Land Would Then Have Averted Disaster—Failure of Germany's Offensive on Land Clearly Shown by Her Appeals—No Peace at Present.

LONDON, Aug. 7.—David Lloyd George, the British Prime Minister, today, in a speech in the House of Commons, reviewed extensively the war situation. He referred particularly to what had been accomplished in the recent drive by the Allied forces on the Soissons-Rheims salient, to the destruction of German submarines, of which 150 had been accounted for since the war began—more than half of these in the last year—and the part the Americans now were playing and would play later in the fight for the cause of democracy.

"He would be a sanguine man on the German general staff who would now predict that Germany could obtain a military decision this year," the Premier declared, as he characterized Marshal Foch's counter-offensive as "the most brilliant in the annals of the war."

Reverting to peace, Mr. Lloyd George referred to the part the British navy had played in the war, and said that until all the Allies were defeated at sea Germany could never triumph.

When Great Britain decided to throw her whole weight into the war four years ago it was not for her sake so because of an outrage on international rights. Had she not taken this decision the whole course of the war would have been different. He pictured the part the navy had played in the war, in the vast wilderness of the sea, with no one to witness or to disturb their operations. He said he did not think that many persons realized that if the Allies were defeated on the war the world would be overthrown.

"When the war began," said Mr. Lloyd George, the British navy, then the largest in the world, represented a tonnage of two and a half million. Now, including the auxiliary fleet, it is eight million tons. It is not for the increase of the sea might to be barred for the commerce of the world. Every trade route of the world is patrolled by its ships.

The Premier then referred to the other activities of the navy, such as convoying, mine-sweeping, and the chasing of submarines. It was here that he said 150 German submarines had been destroyed, more than half of them in the past year.

"During June alone," the Premier continued, "British naval ships steamed eight million miles. To this must be added the efforts of the merchant marine, which is now a branch of the British navy, and whose men face the same dangers, and the situation, as regards feed for stock is not so bad. Harvesting may commence as early as August 15 in some parts of the province."

DRAW UP PLANS FOR RUSSIAN AID

U. S. and Japan Have Fixed Lines of Their Contributions—American Commander and Troops Designated.

WASHINGTON, Aug. 7.—First details of American military aid to be sent to Siberia for the protection of the rear of the Czecho-Slovak forces were given today by General March.

The chief of staff announced that Major-General Wm. S. Graves will command the American forces, the nucleus of which will be 20 companies of regulars from the Filipinas.

Gen. Graves is now in command of the eighth division at Camp Fremont, California. The regiments to form the vanguard of the American contingent were the 37th and 31st, neither of which is recruited to full strength. This force will be supplemented by troops from the United States. The chief of staff said the American force would not be a large one.

General March said so far as he knew the American commander had yet been designated. He stated that this could only be done by international agreement, such as was found to be necessary to concentrate the supreme command of all the Entente and American troops in Europe in the hands of General Foch. From other sources it was learned that negotiations now are under way to this end, and that the chief of staff of the Japanese army, Gen. Baron Ueyehara, had been suggested, and his name is now under consideration as commander-in-chief.

Gen. March said that the sailing of the expedition of Gen. Graves would not be announced, but that upon arrival of the forces the news will be made public. It was not stated whether an announcement of the size of the American contingent may be expected. The Japanese force, in conjunction with the Chinese, who will act under Japanese direction, probably will be more numerous. In fact, Japan is preparing to send into Siberia any number of troops necessary to carry out the declared purpose to give active aid to the Czecho-Slovaks.

SANGUINARY FIGHT FOR JAROSLAV TOWN

LONDON, Aug. 7.—The most sanguinary fighting in the civil turmoil in Russia was for the possession of the town of Jaroslav, on the Volga, and it terminated in favor of the Bolsheviks, according to quotations from Moscow newspapers reproduced in the Rheinische Westfaelische Zeitung, a copy of which has been received here from Germany. The fighting continued for fifteen days, and the town changed hands several times. The Social Revolutionists held the mastery for a short time, but these were slaughtered.

BERTHELOT'S ARMY GATHERS MUCH SPOIL

WITH THE FRENCH ARMY IN FRANCE, Aug. 7.—The army of General Berthelot, whose operations had a marked effect in bringing about the retreat of the Crown Prince across the Vesle by breaking down the eastern pivot of his line southwest of Rheims, effected large captures of material during the fighting. In one day alone 300,000 shells of heavy calibre were taken in addition to immense quantities of other material.

This army also captured several batteries of heavy and field guns, which are now being used against the enemy. Its booty comprises, also, in addition to 373 machine guns, hundreds of light trench mortars. The army's bag of prisoners exceeds 3,000.

Prince Rupert Strike Settled PRINCE RUPERT, Aug. 7.—A strike at the Prince Rupert sawmill has been settled by mutual concessions agreed to by both the company and the men.

TANKER SUNK AFTER BATTLE

Captain of Lux Blanca Gives Story of His Steamer's Destruction—Is First Struck by Torpedo.

AN ATLANTIC PORT, Aug. 7.—Captain Thomas, of the oil tanker Lux Blanca, which was sunk 35 miles southwest of here on Monday by a German submarine, after nearly four hours of desperate fighting, has a story to tell. Captain Thomas is an elderly man weather-beaten and quiet. Although he spoke readily of his experiences, his only comment upon them was "We had a pretty warm time." His story differed from the previously published accounts.

At noon Monday the Lux Blanca was about 35 miles southwest by south of this port. She was proceeding along her course, when the vessel suddenly shook from stem to stern. She had been struck by a torpedo, and her hull was badly damaged. There was no sign of the craft that had fired the projectile. Captain Thomas turned the Lux Blanca around and began to race back to this port.

A few minutes afterward the submarine was sighted five miles away. The single gun mounted on the stern of the tanker fired several shots, but the range was inadequate. The submarine did not answer the fire. She remained in sight for about an hour and a half, and then disappeared. Shortly after 2 o'clock in the afternoon she appeared immediately astern of the Lux Blanca, and commenced shelling her. The gunner of the attacked steamer responded, and for almost half an hour there was a lively artillery duel, with neither side registering a hit.

The odds were against the Lux Blanca in spite of her plucky resistance. The submarine had two guns to her one, both of more powerful calibre. A shell struck her propeller and blew it off, rendering further progress impossible. Then another shell landed directly in front of the bridge, wrecking the forward portion of the deck. Two of the crew were killed in its explosion, the second steward, S. McMann, and the second cook, a man named Olenford. Three others were severely wounded by flying fragments. It has been necessary to remove them to the local hospital for treatment.

The Lux Blanca had now lost headway, and was rocking helplessly in the trough of the waves. Her men lowered the lifeboats and jumped into them. They had no time to secure a stock of provisions, and they were unable to remove the bodies of their slaughtered comrades. The merciless bombardment of the Lux Blanca was continuing. They left the ship at 4 o'clock. As they rowed frantically away the shells were bursting in the water all around them, some of them aimed directly at the three lifeboats. When they were half a mile distant from their ship they saw a sudden jet of flame spurt up from amidships and soon she was enveloped in smoke. The submarine fire continued.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How To Treat. Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, flatulence, etc., are due to an excess of hydrochloric acid in the stomach and not to a shortage as is generally supposed. Artificial stimulants are of no use in such cases and may do real harm. Try Epsom salts. Dissolve one ounce in a quart of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Dissolved Magnesia (in powder or liquid form) is also a most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more acid in digestion.

JULY SHIP OUTPUT BREAKS ALL RECORDS

WASHINGTON, Aug. 7.—With the launching of 123 vessels, totalling 631,944 deadweight tons, and the delivery of 41 others of 335,955 deadweight tons, new world shipbuilding records were established in July by American shipyards, the Shipping Board announces. The July launchings alone were greater than those of any single year in the past.

In addition to 41 completed ships, the American merchant marine was further increased by the delivery of two steel vessels of 15,555 tons by Japanese yards, in accordance with the recent agreement.

Thirty-six of the completed vessels were of steel, with a deadweight tonnage of 217,025, and the other five were of wood, their deadweight tonnage being 18,000. The total tonnage launched this year is 1,719,536, being divided by month as follows: January, 85,507; February, 123,425; March, 172,611; April, 169,284; May, 258,241; June, 288,322; July, 621,944.

REPORT REVOLT OF U-BOAT MEN

Rumors Coming by Way of Amsterdam Say German Sailors Object to Serving on Submarines. LONDON, Aug. 7.—Rumors of a revolt by German sailors at Wilhelmshaven in protest against continuation of the submarine war are in circulation, according to a dispatch to The Express from Amsterdam. It is reported that propagandists among the men invited sailors about to leave on submarine cruises to attack their officers and surrender their ships, or seek an opportunity to sink them and get themselves interned in neutral harbors. More than fifty submarines are said to have disappeared. Twenty-three of the ringleaders of the revolt are reported to have been arrested and sentenced to death. Many others have been arrested at Kiel and elsewhere, it is added.

GERMAN PAPERS ARE DESPONDENT

Admit Disappearance of Hope That Teutons Will Win on Field—Effect of General Foch's Offensive. LONDON, Aug. 7.—The despondent tone of the latest German press comments is emphasized daily in special dispatches from Holland. A dispatch to The Daily Mail from The Hague today includes an editorial in The Dusseldorff Nachrichten which says that nobody looking into the future can see an end to the war.

For though it is true the end might come quickly, it adds, "it could only be an end of terror, as in Russia." Vorwarts, of Berlin, says that events of recent days at last have shattered the illusion, created by inspired optimism, that Germany is invincible. It says: "The German people at last realize the colossal gravity of the situation. Let us have courage to admit that as long as the war is not ended it is not won, and can be lost."

The principal North German organ of the majority Socialists, The Buerger Zeitung, of Bremen, says: "Black and dark is the hour. The accolades made by the people are immeasurably large, and those of the fifth year of the war will be gigantic, but no refreshing breath of freedom and civic quality blows through the oppressive night of our disunion."

ZURICH, Aug. 7.—The German hope of ending the war by a military decision before the arrival of the Americans was blasted by the recent Allied offensive, the Socialist newspaper, Arbeiter Zeitung, of Vienna, points out in concluding a recent article on the military situation.

"All the explanations and comments cannot alter the fact that in this double character, there is one result which cannot be called in question—the strong moral effect produced by the three German offensives against Amiens and Paris have been completely destroyed. The Allies today have a chief reason for inspired confidence, and whose ability is in no way inferior to that of Ludendorff or von Hindenburg. Furthermore, the only hope of the Germans to end the war in a military way before the Americans were in line has disappeared as the result of this last French offensive."

Petrograd Population Diminishing LONDON, Aug. 7.—A census just completed at Petrograd shows that the population of that city is now 1,411,000 or a million less than it was 18 months ago, according to a Copenhagen dispatch to the Exchange Telegram.

Death of James N. Grieve TORONTO, Aug. 7.—News was received yesterday of the death at Spokane, Wash., of James N. Grieve, aged 82, ex-M. E. for North Perth. The late Mr. Grieve was elected an Liberal member for North Perth in 1891.

ASKS LIBERTY TO SUPPLY FISH

Mr. Sherman Complains That He is Excluded From Coast Waters by Previous Granting of Concessions.

VANCOUVER, Aug. 7.—"With 20,000 citizens of Victoria petitioning me to start a municipal fish market in the Provincial capital, I don't know what I'm going to do," said A. H. Sherman, when discussing his troubles incidental to launching his string of cheap fish markets. "I can not get the fish," he went on, "unless our Government will let me put my boats out where there are fish. And if the people want Sherman to catch cheap fish for them, their Government has got to give Sherman a chance."

"There are 9,000 miles or more of coastline in this Province," said Mr. Sherman, "and every bay and every channel and every cove of water where there are fish is held so that a man in my position can not do very much. In many cases these fishing concessions are held by outsiders, who are not developing them. In these times, when the question of cheap food is the great question of the hour, I feel that the Government should cancel the privileges held by these monopolies who are not producing and give these rights to people who, like myself, are prepared to go ahead and produce fish products for the use of our country and Allies."

Mr. Sherman is writing a lengthy letter to the Commissioner of Fisheries, in which he is renewing his application for the right to fish in Cowichan Bay for doing so. He is also making application for other concessions along the coast, and declares in his letter that if the Government will lift restrictions on certain waters and allow him to place his boats in these waters, he will be able to throw across the continent a line of municipal fish markets similar to the market now in operation in Vancouver.

PLAN TO STRIKE BRITISH FRONT

Paris Observers Expect Hindenburg and Ludendorff to Try Offensive in Conjunction With German Fleet.

PARIS, Aug. 7.—Marshal von Hindenburg and General Ludendorff, in order to maintain their prestige and stimulate the depressed morale at home, usually well-informed observers here insist, intend to strike a blow against the British front in conjunction with the British fleet. An order issued by the new chief of the German Admiralty staff, Admiral von Scheer, is said to express the wish of the fleet to attack the British naval forces. Meanwhile the lull on the Rheims-Soissons front continues. The Germans, it is believed here, are putting their heavy artillery in place and digging themselves in with the intention of defending the positions between the Vesle and the Aisne as long as possible. The Allies have only light forces north of the Vesle, and are obliged to await their heavy guns before pressing the offensive if the Allied commanders judge it opportune to push home an attack on that sector.

Marcel Huth, in the Echo de Paris, says there is no hurry, and declares the Allies have proof that the Germans are suffering seriously from the lack of effectives. Some observers believe that the Germans are regrouping their divisions in preparation for a breakthrough rather than for an early offensive.

PARIS, Aug. 7.—Indications are that the German high command is all ready to proceed with another shortening of the western front on a different sector than that between Soissons and Rheims, according to a Zurich dispatch to the Morning Freiheit, a Berlin dispatch to the Badische Presse, of Karlsruhe. This operation, it is added, has in view not only the occupation of more favorable positions but more particularly the release of a considerable number of divisions.

TWO MEN RESCUED ON BRINK OF FALLS

NIAGARA, Falls, N. Y., Aug. 7.—After being marooned on a sand scow within 1,000 feet of the brink of Niagara Falls for sixteen hours, George Harris, of Buffalo, and Gus Loberg, a Detroit sailor, were rescued by the Youngstown lifesaving crew this morning. The scow broke away from a tug late yesterday. A sheaving rock off the head of Goat Island caught the unwieldy craft and held it. The lifesavers got a line to the boat last night, but the length of the rope was so great it sagged into the swift current and it was impossible to operate a breeches buoy. The lifesavers abandoned their work at midnight. Searchlights were kept on the wreck, and an electrical sign was rigged up showing the word "Rest," so that the men on the scow would know that they had not been abandoned.

This morning a second line was shot successfully from the wreck from the shore of a power house.

GENERAL MANGIN HAS PRAISE FOR BRITISH PARIS, Aug. 7.—General Mangin, of the French forces, in an order of the day addressed to the British divisions under his command on the Rheims-Soissons front, says: "You reached the battle at its fiercest moment, when the enemy, defeated for the first time, brought up his best division, which was numerically superior to ours. "You continued to advance foot by foot, despite bitter resistance; you held the conquered ground, notwithstanding the violence of his counterattacks. Then, on August 1, with your French comrades you carried the heights which the defenders had been ordered to hold at all costs. Falling to retake it, the enemy was compelled to retreat, pursued and harassed, for twelve kilometers. "I am happy to have you under my command, and I thank you."

Appeal of Social Revolutionists LONDON, Aug. 7.—The Russian Social Revolutionary party, which is opposing the Bolshevik Government, has sent a direct appeal to the British Labor party urging that efforts be made to convene an international Socialist convention. The appeal declares that the Russian Revolutionary party is ready to work in union with the European Socialists to re-establish the national power of Russia and to abrogate the "shameful Brest-Litovsk treaty."

CONFISCATION BY TAXATION

The burden of taxation which has fallen upon land in municipal areas during recent years is the cause of our financial problems in the cities of British Columbia, and notably in Victoria and Vancouver. An attempt has been made to derive the bulk of our revenue from the land on the system of taxing its capital value without any regard to its income earning power.

Let us suppose, for the sake of argument, that the capital site value of all land within Victoria's municipal area is \$50,000,000. The annual site value of the same land would be \$2,000,000, and such a site value would be based on improvements as well as land. In general taxes on land at the present time the owners in Victoria are expected to provide somewhere in the neighborhood of \$1,200,000 and in Local Improvement taxes an amount which approximates \$300,000, or a total of \$1,500,000 in taxes on land.

It is small wonder, under a system such as this, that each year we should be faced with greater tax arrears until a problem has arisen which must be solved. The Local Improvement Assessment Commission is grappling with the immediate consequences which have ensued under our plan of land taxation, but that body has not the power to bring about such a change as will put the city on a firm financial basis. The relief to be provided will be a present investment in scores of properties in Victoria which do not produce enough revenue to pay taxes, so that in some cases, where the revenue is all the owners have to live upon, the taxes are left unpaid.

It is small wonder, under a system such as this, that each year we should be faced with greater tax arrears until a problem has arisen which must be solved. The Local Improvement Assessment Commission is grappling with the immediate consequences which have ensued under our plan of land taxation, but that body has not the power to bring about such a change as will put the city on a firm financial basis.

INTERVENTION IN RUSSIA

There are some who claim that allied intervention in Russia is driving the Bolsheviks into the arms of Germany but such critics seem to forget that the anarchical regime at Moscow is one of our enemy's weapons in this war.

Russia is in a pitiable plight, reduced to seething incompetence by the chaotic conditions which have been created. If the Allies did not intervene she would have no friend in sight.

Respective of the compelling motives of a military and political character there is one of a humanitarian kind which the Allies have in view in their present intervention. Russia is starving. Her cities are plague-ridden; her industrial life is at a low ebb.

NATIONAL SCHOOLS

A plea is being made for national schools in the Dominion and it has been stated if they had been instituted long ago many of our present troubles could have been avoided. National schools mean a similar standard of education in all the public schools of the Dominion.

before, the country that is producing on the lowest standard of costs, having little or nothing to import, and a large surplus for export, has the big advantage over the high-cost, high-wage countries; a strong incentive to an universal national system of greater production and independence, and a direct and sure route to international peace, on a one standard value of international exchange.

While our extremely low wage and cost of living temporarily increases the advantage over other countries, the adoption of values of normal times, a happy medium, which, in establishing permanent conditions, would cause the least upset or injustice to existing interests, where those interests are honest, whereby the dollar medium of exchange would retain a fixed purchasing value of 100 cents, would meet with the greatest favor and work out to the best advantage.

Strange Fate of Quentin Roosevelt Coupled with the deep sorrow which all Americans must feel at this brave lad's death, there will always be associated the romantic origin of his name. Over the forests and plains of Northern France—where Walter Scott in fancy led gallant Quentin Durward—circled like an eagle in the sky, young Quentin Roosevelt flew. To him fell adventures as daring, yet far more wonderful.

Perhaps the valiant soul of young Quentin owed something to the idealism of his name; and the spark of fire that the old romancer struck out blazed again, gloriously, in his brief career.—New York Herald. In the matter of singing, the claims of Mr. Gladstone were modest enough, and do not appear to have gone beyond a taste for nigger songs and a love of hearing his own voice—which might be said of many others. But his admirers seem inclined to go too far. Sir Charles Halle once told the late Sir John Strachey that he had often heard Mr. Gladstone sing. When asked what his singing powers really amounted to, Sir Charles replied: "He sang 'Swanee' (a page)—out of tune."—London Chronicle.

THE CITY AND DISTRICT, IN BRIEF.

Motors in Collision—In a collision between the motor driven by Mrs. F. M. Sinclair, near the corner of Bay Street and Government Street, yesterday afternoon, the latter car was badly damaged, but no one injured.

Fewer American Visitors—The Strathcona Hotel reports a great decrease in American travel this year, but, nevertheless, it has been practically filled to capacity all season and at times has had to turn away those wanting rooms.

Conditions Fine Up-Island—Up-Island hotels report to the Development Association perfect weather, good roads and excellent fishing. The spring salmon run began on July 10 and some very fine fish have been caught.

Discouraging Travel—Word has been received by the Development Association that railway stations in the States are no longer allowed to give out information relative to parts of that country suitable for tourists and sight-seers, and no facts concerning Vancouver Island can reach the public through these offices.

Rotary Luncheon—The Rotary luncheon meeting to be held at the Empress Hotel today is to be addressed by Mr. R. R. Nald. He is putting a matter of community interest before the members, from which the organization is expected to evolve a definite plan for constructive action. Special entertainment features will also be provided at the luncheon.

Band Concert at Resthaven—The Army and Navy Veterans' Band have arranged to give a concert at Resthaven on Sunday next, and they would be grateful for constructive action to convey them to and from the hospital. They wish to leave the city at 1:30 p.m. Anyone who is willing to help is asked to phone the honorary secretary of the social committee, phone 1861, as early as possible.

Twelve More Seats Soon—The members of the Army and Navy Veterans were informed last night that the material for the twelve benches which the association is building for the use of returned, disabled has now been delivered, and volunteers were called for to put the seats together and paint them. They will all be in place before the end of this week.

Accident Results in Sums—As a result of the motor accident on Burnside Road last Sunday, when a car driven by Johnston, and piloted with men and women, turned turtle while rounding a curve, a summons has been served on Johnston for driving while under the influence of liquor, and S. Bancroft, the registered owner of the car, is charged with speeding. The cases will come up in the Saanich Police Court on Friday afternoon.

Unpronounceables Appear—Wacole Chatergoe, Elia Shinnanko and William Benimret appeared in the Police Court, morning session, charged with having no papers to show that they are Russians and therefore exempt from military service. The case was remanded until today so that an interpreter might be obtained, and the men spent the night in the cells. They were brought down from Fort George district by the military police.

Marked Fish Caught—Many of the fish marked with buttons by the Dominion Government and turned loose at different points along the route of the salmon run are being caught in the Fraser River. Up to last Saturday thirty-four had been turned in at the Dominion Fisheries office, the fishermen collecting the 25c bounty offered for each fish. Much valuable information is expected as a result of those marked fish, one thousand of which were turned loose at Sooke.

Kirishima F. O.'s Entertain—Returning the courtesy of the Petty Officers' Mess No. 1, R. N. C. V. E., at the Esquimalt Naval Yard, who last Friday entertained them at dinner and later at the Pangloss Theatre, the Petty Officers of H. I. J. M. S. Kirishima yesterday afternoon entertained at tea their hosts of last week. The latter were enthusiastic over the hospitality extended to them by the visitors, and were particularly appreciative of the dinner menu prepared in their honor.

To Make Vase of Broken China—A lady who is anxious to do her bit for the Red Cross has appealed to friends of the cause for pretty pieces of broken china, mirrors, blouses, etc., which she intends to use in the manufacture of a large vase to be raffled when completed for the benefit of the Red Cross fund. Contributions of these articles left at the Red Cross headquarters in the Temple Building will be gratefully received.

Anti-Tuberculosis Society

The monthly meeting of the above society was held on Tuesday in the Alexandra House, Mrs. Albert Griffiths, president, in the chair. After the usual routine business Miss Thom read her monthly report. She had visited weekly or oftener sixteen patients in their own homes, supplying them with milk and eggs. Six quarts of milk and 44 dozen eggs were purchased for them by her at a cost of \$2.56. She reported on one or two new cases requiring attention. This was the special work of the society, to care for private cases of consumption and allay the disease if possible at the outset.

PREMIER INSPECTS TUG

Returned From Seattle Yesterday After Flying Visit Which May Result in Purchase.

After a flying trip to Seattle, where he went to look over a tug-boat which the Government contemplates purchasing for the P.G.E. service from Vancouver to Squamish, Premier Oliver returned to the city yesterday afternoon. The craft is a powerful one, which, the Premier stated, appeared to be up to requirements, and if it meets with the approval of the expert who was yesterday going over it more fully it will be purchased. The price asked for the boat by the Seattle owners is \$25,000.

Additional rolling stock for the P.G.E. line has been secured by the Province. Thirty cars have been purchased at Chicago, and word was received yesterday by Chief Engineer Proctor, of the Department of Railways, that the cars would be started for this Coast at once. This addition to the equipment will be of great importance to the cattle men along the line of the railway, especially in the section near the 59-mile point, where the Province is now erecting stockyards to facilitate shipments of live-stock. It is expected that this Fall over 5,000 head of cattle will be shipped out from that point.

THIS IS WHAT A SOLDIER WROTE

"Now, you asked me my candid opinion of the Y. M. C. A. at the front. Say, I am not the one that gets excited about Christian associations, but let me tell you this: I have been here three years now; I have seen a whole lot, but nothing better than the Y. M. C. A. that looks after the 2nd Brigade, C. P. A. We get into some us and sell us everything cheaper than one can buy it elsewhere. Every morning a daily newspaper is given to each sergeant to read to his sub-section, and when we were in Loos our Y. M. C. A. newspaper-man was killed offering a paper to the boys, and no one knows what a newspaper means to one out here.

"Now you know what I think of the Y. M. C. A., and if I ever live through this I will work for them any old time. Another thing you have to hand them is that they are the only one can always get a cup of coffee and cigarettes cheaper than any other place. I don't know who got their commissions, but they are some of the finest and treat every boy as though he were a prince."

FALSE FIRE ALARMS

Youths Who Desired to Start Something and Did Will Appear Before Magistrate.

Three false alarms sent into fire headquarters on Tuesday night about 8 o'clock were the motives impelling the firemen to a hunt for the individuals who were guilty of needlessly calling out the brigade, and the result was the apprehension of three youths, two of whom will appear in the Juvenile Court on complaint of Fire Chief Davis.

Two of the alarms sent in from the box at the corner of Bushy and Johnson Streets were due to the antics of two youngsters, aged 5 and 6 years, who apparently desired to start something, and did. While the firemen were responding to these alarms, another came in from the corner of Esquimalt Road and Rothwell Street, which, investigation by the firemen showed, was sent by an eleven-year-old youth residing in that vicinity.

Price of Copper—WASHINGTON, Aug. 7. The maximum price of copper will remain at 30 cents a pound until November 1 through an agreement understood to have been reached today between the price-fixing committee of the War Industries Board and the copper producers, subject to approval by President Wilson.

PIONEER PASSES

Mrs. Elizabeth Bland, in This City Since 1856, Died at Age of 93 Years

Another of the pioneers of this city has passed with the death early yesterday morning of Mrs. Elizabeth Bland at the home of her granddaughter, Mrs. James A. Andrews, 111 Mary Street, Victoria, West. Mrs. Bland was the widow of James Bland and was eighty-nine years of age. She is survived by five sons: James W. Bland, who was born in Gallo, Peru, and for many years has been usher in the Court of Appeal in the Supreme Court, of Victoria; John, Robert and Frederick, all of this city, and Joseph, residing at Alberni; one daughter, Mrs. P. R. Smith, of 329 Michlan Street; eight grand-children and twenty-two great-grandchildren.

The late Mrs. Bland was a native of London, England. When yet a young woman she came to Calistoga, shortly after her marriage to James William Bland. Subsequently, in 1855, Mr. Bland brought his family to Victoria, landing at Cou-

GETS COMMISSION

Although gazetted on the 18th of January, word has just been received here of the granting of a commission to William G. Watson, who is now a lieutenant in the Royal Flying Corps. Lieut. Watson is the son of Mr. Thomas Watson, the ex-first chief of Victoria, who is now in Scotland with a forestry battalion. Two other sons are also in France, one serving with the artillery as corporal and the other as gunner in the same branch of the service.

Lieut. Watson left Victoria with the first draft on the 26th August, 1914, and served for two years with the mechanical transport section.

HEAR EVIDENCE IN CAMPBELL CASE

Decide Today Whether Slayer of Albert Goodwin, Army Deserter, Must Face Trial for Act.

Having completed yesterday the preliminary investigation into the manslaughter charge against Provincial Police Constable Dan Campbell, Mr. W. Northcott and Dr. Lewis Hall, Justices of the Peace, will give their decision this morning at 11 o'clock as to whether the case shall be dismissed or referred to the Assize Court for trial.

Campbell is charged with having unlawfully killed Albert "Ginger" Goodwin, Socialist leader and draft evader, after running him down in the dense woods near Comox Lake July 27.

All the evidence from both sides was heard yesterday afternoon. At 5:30 p.m. Dr. Hall and Mr. Northcott withdrew, and the courtroom was left in suspense for the time being, awaiting a decision as soon as they returned. However, an adjournment was asked and steps were immediately taken to renew bail.

One of the most startling revelations made by the defence, conducted by Mr. W. C. Moresby, was that in the cabin on No-Mountain alleged to have been the rendezvous of Goodwin and his confederates were found heavy firearms, 40 rounds of Winchester rifle cartridges and perforated handkerchiefs claimed to have been used as masks. Although Campbell himself was the only man scurrying directly in the incident who did not testify, the other members of the posse corroborated the initial story of the shooting, claiming that Campbell had shot in self-defence.

Mr. W. D. Carter, K.C., prosecuting for the Crown, emphasized the fact that evidently no words had passed between Campbell and Goodwin before the fatal shot was fired, and attempted to show that Campbell was working on a "dead end" at the time, and had not made a reasonable effort to disarm and capture the fugitive.

Campbell Is Calm

Campbell retained his composure throughout the hearing, showing absolutely no signs of emotion. The downstairs portion of the courtroom was filled. Several of the spectators had come down from Comox and Cumberland, where the tragedy has stirred up more excitement than any single event since the strikes of 1913. There was a sprinkling of local labor men and Socialists, soldiers and returned veterans. Major Cook and two officers of the Military Police were present.

Mr. J. Edward Bird, of Vancouver, with his assistant, Mr. W. W. Lefeaux, watched the proceedings silently as legal representatives of the Socialist party of Canada. Two or three times, however, silence was not endurable for Mr. Bird and his right to take any part in the case was more than once challenged by Mr. Moresby.

Dr. Marshall P. Millard, the Cumberland medical man who held the post mortem examination of Goodwin's body after it had been carried laboriously through the brush from the scene of the affray, sworn in as a lay witness. He testified that the wounds, on the left wrist there had been a lacerated wound to the bone, diagonal in direction. There was a small perforated wound at the right wrist. On the left side of the neck, near the sterno-mastoid muscle, was another penetrating wound. The spinal cord had been completely severed and there was a large cavity where the bullet had entered the tissues. In the left shoulder he had found a part of the softened rifle bullet. From the location of the rifle bullet, Dr. Millard believed that the left arm must have been at a level with the shoulder when it was being held in a position similar to a supporting posture when Goodwin was alive. As there was a powder mark on the flesh, he concluded that the assailant had not been more than ten feet away. The doctor also testified that in an average of two to three cases of gunshot wounds each year and was qualified to give an opinion as to their effect.

"In case of instantaneous death," asked Mr. Carter, "would the hand relax or clutch the weapon they might have held?"

"They would relax. There would be no relaxation," replied Dr. Millard.

Tells of Chances Into Woods

The chief witness was Police Inspector Devitt, of Cumberland, who held the posse into the woods after the alleged draft defaulter and deserter. He said the party had been composed of Campbell, Cpl. George Rowe, two messengers—"Ames" and James—and himself. They had left the head of the lake early in the morning and proceeded to Survey Bay, where they found a little survey trail and struck out into the woods. The posse had been sent out around the base of No-Mountain, while Devitt and his two constables had ventured straight into the heavy underbrush and rock that made the hill almost inaccessible in some places.

Devitt said they had not gone far before they came to a big Boulder, under which was a gunny sack, a frow for splitting shakes, a pair of miners' boots two pairs of pants and some underclothes. These they searched in another place and then resumed the search. Shortly after 2 o'clock fresh human footprints were seen. The party of three broke up. Sometimes they travelled together, sometimes apart. There was a tremendous amount of underbrush and there was heavy timber. About ten minutes after they had separated for the last time Devitt heard the report of firearms. Immediately afterwards he heard a shout. He hurried to where the noise seemed to have originated. It was difficult to judge distances, but he believed he must have had to go fifty yards until his rifle saw Campbell standing with his rifle on a log. The land sloped at an angle of 45 degrees in that spot, he remarked. On the ground, about thirteen feet from Campbell, was the body of a man, both his hands extended and clutching a rifle. Campbell had said to Devitt: "I surrender to you, inspector. I had to do it to save my life."

Goodwin's Rifle a .38

Goodwin's rifle was produced in court. It was a .32 calibre automatic and there were still traces of blood on the barrel between the sight and the trigger.

Devitt said that while he looked at the body of Goodwin it rolled over, so that the back was on the ground. The wounds had been examined

interjected Mr. Bird, the Socialist lawyer. "All your Socialist stuff doesn't go?"

A few minutes previous to this Mr. Bird had ventured an opinion on something else, and Mr. Moresby had contended that Mr. Bird had no right to take any part in the trial. Mr. Bird said he was representing a certain section of the miners of the Cumberland district. He had been considerably obstructed by Goodwin's death.

"Mr. Carter knows how to conduct the case without your help," Mr. Moresby said, addressing Mr. Bird.

Mr. Carter gave assurances that he had taken no "tips" from the Socialists' counsel.

Italian Miners Testify

Resio Giovanni, Alexander Merello, Cavaliere Carlos and Peter Iorio, Italian miners, told of their meeting with Campbell on July 7. They had been asked if they knew where the "boys in the bush" were hiding. They had some difficulty in remembering details and expressing themselves in others, but told substantially the same story. Each maintained that Constable Rushford had told them to come to Victoria, but that they had paid their own fare so far.

Summing up evidence of conspiracy for the dismissal of Campbell, as he had been clearly proven, he said, that the accused constable was a person of authority specially instructed to bring about the arrest of Goodwin. The issue of justice of conviction was not the issue. Deserving or evasion of the Military Service Act was a serious offence, and it was a fair inference from the masks and heavy firearms that Goodwin and his associates were prepared to resist arrest.

"Suppose Goodwin had been first shot and Campbell were killed. What would the world say? That Campbell was a fool not to shoot sooner," declared Mr. Moresby. "There was no ground for speculation. It was a time for quick action. Why put this man to the expense of a trial when it is a foregone conclusion that no reasonable, fair-minded jury would convict him?" As to the use of a soft-nosed bullet, Campbell would have been justified in using a bomb in self-defence.

Mr. Moresby drew the inference that friends of Goodwin were responsible for bringing some of the Crown witnesses to Victoria.

Why No Conversation?

"I don't deny that Goodwin was an evader of the law," asserted Mr. Carter, winding up the case for the prosecution. "But the man who evades the law gets killed. No evader man is entitled to be killed. In cases where death is involved it is imperative that there should be a thorough investigation. You would imagine when Campbell encountered Goodwin there would have been some conversation. That is just what I cannot explain. It would be fairer to the accused and fairer to the country to have this matter settled by trial before a jury."

Mr. Carter pointed out that, despite Mr. Moresby's deductions, the witnesses had been summoned in the regular manner through the Attorney-General's department.

COAL PRODUCTION RECORD EXPECTED

Output of Coal in British Columbia Increases Greatly Over Last Year—Jingle Pot Mine to Re-Open.

With the coal production of British Columbia for the first six months of the year already 247,923 tons ahead of the same period last year, the total to date being 1,375,269 tons, Hon. William Sloan, Minister of Mines, looks forward to a record year. This result, however, is only expected if labor conditions continue in their present satisfactory state.

The production during the six months in the three districts where coal is mined was as follows: Crow's Nest Pass, 404,472 tons; Nicola-Princeton, 109,463 tons; Vancouver Island, 81,314 tons. Vancouver Island tonnage shows an increase in July over that of the previous month of 2,916 tons, the total for the month reaching 140,811 tons, the output of the different companies being as follows: Canadian Western Fuel Company, 61,568 tons; Canadian Collieries, Ltd., Comox, 46,676 tons; the mines of the same company at Extension, 14,650 tons, and at South Wellington, 2,122 tons; Pacific Coast Coal Mines, 6,775 tons; Nanoco Collieries, Ltd., 2,285 tons; Granby Consolidated Mining & Smelting Company, 2,718 tons.

Both the South Wellington mine of the Canadian Collieries, Ltd., and the Granby Company's No. 1 mine at Cassidy's Landing are just commencing to ship coal, and although their present output is small a great increase is anticipated soon. The Jingle Pot Mine is also expected to open soon, after being closed down since last October. Water has already been pumped out of the property.

The Canadian Western Fuel Company is at present sinking two shafts on its farm near Nanaimo, one shaft having gone down 150 feet and the other about 100. The famous Wellington seam should be reached in about two months' time at a depth of 200 feet and then the coal production will be further augmented.

30TH DEMOBILIZED

District orders of yesterday refer to the demobilization of the 30th Regiment, B. C. Force, the following officers of which are to be attached to the 11th Battalion Canadian Garrison Regiment.

Major A. E. Nash, C. M. Commanding Internment Camp, Vernon; Capt. C. Crossman, 104th Regiment, A. G. H. Internment Camp, Vernon; Lieut. B. Cash, 102nd Regiment, Q. M. Internment Camp, Vernon.

OBITUARY NOTICES

NOTES FROM DUNCAN

Miss Sibyl Hardwick, who recently resigned from her position as teacher of the Maple Bay School, has been appointed principal of the Princeton High School.

The Duncan School Trustees have kindly allowed the Cowichan Girl Guides to have the use of the old school for their meetings and drills.

Fishing in the Cowichan River is picking up considerably. On Sunday Mr. W. Dwyer landed a six-pound rainbow.

Phasants are plentiful in the district and are in splendid condition this summer, this being accounted for by the fact that they had a good hatching season, the weather during the nesting time being mild and dry. Birds of all kinds are numerous, probably for the same reason.

Mr. P. Campbell has been enjoying a short holiday at Parkville.

Miss B. Hardwick has been spending the past fortnight at the guest of Mrs. Stevenson, of Westholme.

EN ROUTE TO COAST

NANAIMO, Aug. 7.—Lieut. Herbert Shadforth, Royal Navy, with Mrs. Shadforth, the latter a daughter of Mr. and Mrs. Thomas Morgan, of Nicol Street, of this city, being late from Montreal on their way here, where they will spend some time, Lieut. Shadforth having been granted an extended leave of absence. It is probable that they will reach Vancouver at noon on Saturday.

WANTS NEW ROAD

DUNCAN, Aug. 7.—The Duncan Board of Trade is trying to push forward the building of a road from Green Point to Green Bay mills. The building of this proposed road would cost in the neighborhood of \$15,000, as there is a considerable amount of rock work that would have to be done.

NANAIMO NOTES

The Macnebbes held their annual picnic at Departure Bay today, over 100 members and friends attended.

Mrs. J. W. Millburn, of Pine street, returned home yesterday from her seven days' visit with friends in Vancouver.

Mrs. William Anderson returned home last evening from the Mainland after seeing her husband away on a business trip East.

Miss Polly Critchley returned to her home yesterday afternoon in Vancouver on the SS. Princess Patricia after visiting her aunt, Mrs. William Hart, Wallace street. She was accompanied by her cousin, Miss Mary

No Camouflage in This Story

Says corns stop hurting, then lift right off without one bit of pain.

Hospital records show that every time you cut a toe with the lockjaw or blood poison, which is needless, says a chemist authority, who tells you that a quarter ounce of a drug called *Freeze* costs but a few cents at any drug store and is sufficient to rid one's foot of every hard or soft corn or callus without even one little twinge of pain.

You simply apply a few drops of the *Freeze* on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, neat and all, with your fingers.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

Hart, who will spend a week or so in the Terminal City.

Miss Gladly Hindmarch returned yesterday from a three weeks' visit to friends in Chilliwack, being met in Vancouver by her mother, Mrs. R. R. Hindmarch, Finlayson street.

Second Air Mechanic Arthur Holland, of the Royal Flying Corps, arrived home from Toronto last evening on a brief visit to his parents, Mr. and Mrs. John Holland, Albert street.

Mrs. Oscar Drew and daughter, of Victoria, are visiting Miss Nellie Mainwaring, Selby street.

A special meeting of the Nanaimo Women's Auxiliary Hospital Society will be held in the Oddfellows' Hall on Friday afternoon at 3 o'clock.

Mr. H. N. Freeman returned home yesterday from a business trip to the Mainland.

Mr. William Mainwaring is in the city in the interests of the Northern Electric Company, Limited, of Vancouver.

Mr. George Lindsay, Jr., and sister, Miss May Lindsay, of Vancouver, arrived home yesterday after a trip to their cousins' farm at Crescent, B. C. Miss Lindsay, who intends remaining in Nanaimo to take a business course in the local college, was given a hearty send-off by her Vancouver friends on the eve of her departure.

Bastion Chapter, I. O. E. E., wishes to thank the following for donations. Mrs. Brown (of Brown & Smith), box of biscuits; Mr. A. C. Wilson, plant; Mrs. J. Gribble, East Wellington, pair of knitted curtains; Mrs. Malpass, \$5.00.

VISITING COAST

NANAIMO, Aug. 7.—Lieut. Gordon Cunningham, of the Royal Air Force, son of Mr. and Mrs. Archie Cunningham, of Vancouver, and brother of Mrs. L. W. Smith of this city, came over from the Mainland on the Princess Patricia last evening to spend a few days with Mr. and Mrs. Smith.

Lieut. Cunningham has just completed his course of training in the Flying Corps and has received his commission in that unit.

Mrs. Morris, wife of the manager of the Bijou theatre, has returned to Vancouver after spending a few days in the city.

LEAVES FOR SHANGHAI TO TAKE POSITION

Mr. J. Deane Wells, who has been Organist at First Congregational Church, is going to Far East.

Mr. J. Deane Wells, who six months ago took over the sheet-music department of the Hicks Piano Company (Hickman & Co.), and who has filled the position of organist at the First Congregational Church for the past year, is leaving tomorrow for Shanghai to take up a position in the Moutrie & Co. music warehouse there.

It is a happy coincidence that one of Mr. Wells' most successful compositions, "In Flanders' Fields," music set to the lovely poem written by the late Lieut.-Col. McCrae, is to be sung tonight at the Parliament Buildings in connection with the first "Community Sing," which is being held here. The composition has been arranged for choir, and will no doubt prove as impressive out of doors as in the concert hall, where it has already been heard and greatly liked.

Mr. Wells has written other melodies for songs and several pianoforte compositions as well.

Mr. Wells resigned his position as organist which he had held in connection with Wesley Church, Vancouver, for twelve and a half years just before removing to Victoria.

SOCIAL AND PERSONAL

Mrs. J. Noble, of Victoria, is visiting in Vancouver for a couple of weeks, the guest of Mrs. W. C. Reeves Kitaliano.

Mr. H. J. Cambie, of Vancouver, and his daughter, are spending a holiday with Mrs. E. G. Taylor at her summer home at Finerty Bay.

Mrs. R. W. Hannington has returned home from a week's vacation spent at Riverside Inn, Cowichan Lake.

Miss Finlayson, of this city, is visiting in Vancouver for a few days as the guest of her sister, Mrs. J. C. Keith, Georgia Street.

Mrs. J. D. McEwen and Miss Edna McEwen have returned home after visiting friends in Vancouver for the past two weeks.

Miss Marjory MacMurchy, of Winnipeg, a prominent member of the Canadian Women's Press Club, has charge of the Women's Department of the Canadian Industrial Reconstruction Association, whose executive committee recommends that a "post-graduate scholarship or fellowship" be offered in the departments of economics at McGill, Toronto and Manitoba Universities, successively, open to women graduates of any Canadian university, for the purpose of carrying on research work of an economic character in the industrial or home-making occupations of women.

It is also proposed to offer a matriculation scholarship at various Canadian universities for essays by girl matriculants on the economic importance of a national standpoint of household buying or on the value of trade training in finding advantageous employment.

Miss Hazel Maywood, of Winnipeg, who has been visiting her parents, Mr. and Mrs. G. N. Maywood, Verrinder Avenue, during her vacation, has returned East. Her sisters, the Misses

Kathleen and Alma Maywood, accompanied her as far as Vancouver.

One of the well-known artists of the city who left Victoria just before the outbreak of the war to make her home with her son at Prince George, is now back in the capital visiting for a short time. This is Mrs. C. B. Daniell, who will be remembered as one of the leading artists for several years of the Arts Club here. Mrs. Daniell came down from Prince George about a month ago, and until a few days ago was staying with her son, Mr. C. W. B. Daniell, of the Pacific Coast Coal Company, Nanaimo.

She is now visiting with Mrs. Guy Langton, St. Charles Street, but expects to leave on Friday for home, intending to stop a few days with Mrs. Innes Hopkins, Vancouver, on her way through. She brings interesting news of her son, Flight-Lieut. "Jack" Daniell, formerly editor of the Prince George Post, who was taken prisoner by the Germans in May, 1917. He was very popular in Victoria and elsewhere in the province, and his numerous friends will be glad to learn that he is well and "as happy as can be expected under the circumstances." He was in the prison camp at Frier for five months but is now stationed at Schweinfurt, Schlesien, where there are 300 British officers interned. Several of Mrs. Daniell's paintings are hanging in the Streetview Hotel, one showing a view of Victoria and the Olympics from the top of Saanich Mountain before the observatory was erected there, being invariably commented on and admired by visitors. Mr. C. B. Daniell was secretary of the Western Canada Oil Prospecting Co., Ltd., until the time the family removed to Prince George.

Too Many Drunken Men

VANCOUVER, B.C., Aug. 7.—The Vancouver Hotelmen's Association, through its secretary, has written to the Police Commission protesting against the annoyance caused members of the association by the presence on their premises of intoxicated persons and demanding a stricter enforcement of the prohibition law. The commission is taking due action.

RED CROSS WORK

Fairfield Branch
The committee of the Fairfield Red Cross branch will hold its regular monthly meeting in the work rooms, 243 Cook Street this evening at 8 o'clock.

The branch is very desirous of securing more daily workers. On account of the summer vacation there has been a lull in their usual activity.

Gallano Contributed \$315

Mr. Charles Williams, secretary-treasurer of the Victoria and district branch of the Red Cross has received a cheque for \$315 from the workers at Gallano Island, this sum representing the proceeds from a dance held there recently by the young people. This is but one of many similar donations from Gallano Island, the residents of which are ardent supporters of the Red Cross.

Gorge Branch

The regular monthly meeting of the committee was held on Tuesday, Mrs. J. C. Miller presiding. The secretary-treasurer submitted the monthly statement, which showed receipts to be as follows: Balance brought forward from June, \$37; Mrs. Woodward, sale of cut flowers, \$67.84; Mrs. J. Lowry's second collection, \$20.50; recital given by Miss B. Griffin's pupils at St. Marks, \$4.70; Mrs. Hiram, \$30.; Mrs. Butterfield, Dominion Day celebration, \$53.10; Mrs. Lewis and Mrs. Morley, raffle, \$8.50; total, \$191.94.

Disbursements were: Clay's tea rooms, \$3.65; Royal Dairy Co., \$2.70; paid headquarters, \$167.84; balance on hand, \$18.75; total \$191.94.

The committee acknowledged with thanks the receipt of the sum of \$5.80 from Mrs. J. C. Newbury and \$32 from Mrs. H. Caddy, balance for life memberships fee.

RED CROSS SERIES IS HALF COMPLETED

Garrisons Hint at Dark Horse Pitcher to Aid Them in Turning Tables on Cubs Tomorrow.

With the Red Cross baseball series for the Goldsmith Cup half over and the Cubs leading by a good majority, Manager Frank Sweeney of the Garrison nine is bound that he will come out on the long end of the score tomorrow evening, when the soldiers tangle with the hard-hitting Cubs, but Frank Moore, erstwhile skipper and third baseman of the league leaders, is not to be perturbed in the least, and will have his best team out to battle with the military aggregation.

The boys from the "Big Guns" have something good in store for the Cubs and are out to win, and as they have been practising regularly of late, they are confident that the tables will be turned tomorrow evening. George Smith will umpire, and the game is called for 6:30 sharp at the Royal Athletic Park, so that nine innings can be played before dark.

Jimmy Holmes will be on the mound for the leaders and will be received by Townsley. The soldiers have not announced their twirler. All they say is, "Cubs look out," but the irresistible Bob Whyte will be behind the bat. Following are the teams:

Garrison—McKay, White, Corlie, Briggs, Pitts, Balcom, McLehlan, Pittenburgh, Cowan, Becroft and Stewart.

Cubs—Holness, Townsley, Green, Milne, Moore, Brown, Cottette, Gandy, Campbell, Cook and Straith.

RECEPTION WIN FROM RIVALS THIS TIME

Cricket Teams Have Twice Made Equal Scores in First Innings—Some Good Bowling by Kirkham.

The second division cricket match played yesterday between the Copas & Young and Reception teams was remarkable for the fact that the two teams once more tied on the first innings. At their last meeting each team made 53 in its first innings, while in yesterday's match each made 55. On the last occasion the end of the game was a draw, but this time the Reception team succeeded in getting the Copas & Young men out for 49 in their second innings and then knocked off the necessary runs for a win with eight wickets in hand.

Lomas and Kirkham shared the bowling honors of the Reception team, Kirkham being especially successful, taking 12 wickets for 43 runs in the two innings. Lines and Freeman were the two batsmen to knock off the necessary runs for a win in the second innings. The full score follows:

TOM GIBBONS WANTS BOUT WITH DEMPSEY

Probable That Ten-Round Go Will Be Arranged at Milwaukee With War Fund to Benefit.

MILWAUKEE, Aug. 7.—Tom Gibbons, the St. Paul light heavyweight, is out after Jack Dempsey's scalp, and the conqueror of Fred Fulton is perfectly willing to be scalped if Gibbons is able to turn the trick. As a result of a challenge issued by Gibbons, who is boxing instructor at Camp Meade, Md., it looks as though the big bout will be held. Gibbons wired Dempsey that he would box him ten rounds at Milwaukee and give every nickel to the war fund. Jack Dempsey came right back and said it was all right with him, and told Gibbons to go ahead with the match.

It is probable that the contest will be staged, and with two men of such prominence meeting, thousands of dollars will be needed for war purposes, probably the athletic fund. While Gibbons will be outweighed by the Western heavyweight, his friends think he would have a good chance to win because of his speed and ring science. Besides, Gibbons has picked up many pounds at the camp, where he has been teaching the soldiers how to box, and he would not be outweighed by any great poundage.

TOMMY BURNS WILL BE QUARTERED HERE

Former Heavyweight Champion Is Loaned to 2nd Depot Battalion to Instruct Men at Willows in Boxing.

VANCOUVER, B.C., Aug. 7.—The 1st Depot Battalion is not to have the services of Tommy Burns, the ex-heavyweight champion boxer of the world. Hearing of the splendid progress being made in physical training by the men of the 1st Depot Battalion under Burns' boxing instruction, the 2nd Depot Battalion at Victoria has made application for the loan of his services, and this morning the following notice appears in the district orders:

"Acting Sergt. T. Burns, 1st Depot Battalion, C.E.F., will be attached to the 2nd Depot Battalion for rations, quarters and discipline from Aug. 12 to Aug. 31, for the purpose of instructing in boxing."

His superior officers say that "Tommy" has been very successful in his work, and that the men are all taking a keen interest in his instructions and are benefiting physically. A staff officer said this morning that Burns was a big influence for real advancement in training among the men.

CHICAGO, Aug. 7.—Jens Willard, champion heavyweight pugilist, will box here Saturday for the benefit of the overseas war fund of the Salvation Army.

HEER AND TROEH ARE AMATEUR CHAMPIONS

CHICAGO, Aug. 7.—William H. Heer, of Guthrie, Okla., a former professional trap shooter, won the amateur championship of the United States at single targets today in the Grand American trap shooting tournament.

Frank Troeh, of Vancouver, Wash., a former champion at single targets, won the national amateur championship at doubles, and A. E. Chesik, the champion of North Dakota, won the Chicago overtime.

Heer and Fred S. Tomlin, of Penus Grove, N. J., each broke ninety-eight targets and on the shoot-off at twenty targets Tomlin missed his third target while Heer broke all the twenty thrown him.

Troeh, in winning the doubles title broke ninety targets in fifty pairs and Chesik won the overtime with ninety-nine, after shooting off with D. Faukes, of Worthington, Minn., and B. J. Elbert, of Des Moines, Ia.

Rinox

Makes Housework Lighter

It seems a broad statement, but—three quarters of the day women who keep house are on their feet. A step here, another there—thousands of them in a day—bring fatigue that Rinox soles will overcome.

Rinox soles shorten the working hours by making lighter each step the housewife takes. They quickly conform to any position of the foot—and they always return to normal, thus preventing mishapen shoes that mean tired feet. Resiliency and flexibility are two big comfort features of Rinox soles.

Rinox soles save the floors. Their velvet-like surface protects the polish from unsightly scratches. And above all—Rinox-soled shoes give the longest wear. This scientifically combined rubber and fibre is the sole of long life and economy. Rinox insulates the feet against heat of cold, is absolutely waterproof and prevents slipping.

Be sure your next shoes have Rinox soles. Have your old ones resoled with Rinox—they'll wear like new and their usefulness will be doubled. Be sure that "Rinox" is on the sole of all your shoes. It insures satisfaction.

Rinox Soles are made and guaranteed by

ALL IS READY FOR SATURDAY'S GALA

Victoria Amateur Swimming Club is Holding Event With Co-Operation of Comrades of the Great War.

Entries close tonight for the swimming gala of the Victoria Amateur Swimming Club, which will be held at the E. C. Electric Park at the Gorvepon Saturday of this week, beginning at 2:45. The gala will be held under the joint auspices of the club and of the Comrades of the Great War. The latter will have charge of all the business arrangements in connection with the gala, arranging the seating, sale of programmes, and, incidentally, selling tags.

A feature of the gala will be the exhibition of life-saving methods, which it is promised will be very realistic. The swimmers who will be entrusted with this part of the programme are Mrs. J. Marshall, Mrs. Hibernon, Miss Byth, Mr. Bainsa, Mrs. Johnson and Mr. Hopper.

The gala is being held under the

Heat Affects Bridge

RACINE, Wis., Aug. 6.—As a result of the intense heat at midday the steel beams in the Main street bridge expanded to such a degree that the bridge could not be closed after it had been swung open to allow the passage of an outgoing steamer. The bridge, which is a 200-foot structure, remained open for three hours while the fire department played streams of cold water upon the metal in order to cause a contraction sufficient to allow its closing. The temperature in Racine today ranged from 96 to 100 degrees.

It would be interesting to know what proportion of Irishmen who emigrate to the United States resist the temptation of becoming American citizens. We believe the greater number become Americans; but there are many who cherish life-long dreams of returning, as natives, to their little green land. The late Colonel John Hay, the American statesman, had for some years an Irishman in his service, and liked him much. The man retained his nationality. "Why don't you naturalise after all these years in the States?" the wanderer was asked. "Sure, I would, only then I'd have to vote against the Colonel, and I don't want to do that," was the answer. London Chronicle.

One hundred yards ladies, open.

FOOD CONDITIONS WORSE IN VIENNA
ZURICH, Aug. 7.—Food conditions in Vienna became more critical every month during the first half of 1918, according to an official report which has been issued here. During this period 2,500,000 free meals were served and since the beginning of the war 52,000,000 meals have been provided for the people at a total cost of \$3,900,000 crowns.
It is stated that the city is paying 12,500,000 crowns a month toward the support of soldiers' families. The total relief expenditure up till the end of June was \$45,500,000 crowns.
Official warning is issued that owing to the scarcity of labor and the lack of materials with which to repair cars, tramway service may be suspended during the winter.

LOCAL PARTY VISITS MOUNT RAINIER PARK
Mr. W. H. P. Sweeney, vice-president of the Victoria and Island Development Association and a party composed of Dr. Gilbert, Mr. J. Taylor, Mrs. Sweeney and Miss Edmonds, of Vancouver, returned yesterday from a delightful trip to Mount Rainier National Park. Mr. Sweeney said that about five hundred cars spent the week-end in the park, some of them from Oregon and California, coming on later to Vancouver Island. In spite of the advertising of the Pacific Northwest Tourist Association and of the local Development Association, it is surprising, says Mr. Sweeney, the number of people who think it is necessary to have elaborate passports to get into British Columbia and that the mail service is not yet operating. He soon convinced to the contrary those he met, and told them that Vancouver Island welcomed visitors and endeavored to make it as easy and pleasant as possible for them.
SEATS FOR SOLDIERS
Disabled Returned Men Need Not Stand at "Community Sing" Tonight at Parliament Buildings.
Special seats will be provided for invalid soldiers who attend the concert to be given this evening outside the Parliament Buildings, so it is hoped that as many of the returned men as possible will be present to join in this first "community sing." The programme is being given under the auspices of the Arion Club, and the audience is expected to join in certain specified numbers, including "In Flanders Fields," by Mr. J. Deane, "Onward, Christian Soldiers," and "The National Anthem." The audience is also asked to join in the chorus of Rule Britannia, the solo part of which is to be sung by Mrs. J. MacDonald Paisley.
Express Company's Request
WASHINGTON, Aug. 7.—Increased rates on newspapers and other publications registered as second-class matter by the postal service, were asked of the Interstate Commerce Commission by the American Railway Express Company, the express combines formed under Government auspices.

"JANE" TO BE PLAYED AGAIN ON SATURDAY
Unprovisionally Entertaining Comedy Proves So Popular That Repeat Performance Will Be Given at End of Week.

AMUSEMENTS TODAY
The Stage
Pantages—Vaudeville.
Film Attractions
Variety—Sylvia Brainer in "Missing."
Dominion—Aila Nazimova in "Revelation."
Royal Victoria—Marguerite Clark in "Prunella."
Columbia—Earle Williams and Corinne Griffith in "The Love Doctor."
Romano—Baby Marie Osborne in "Dolly Does Her Bit."

With six bumper houses as test money to the unwaning popularity of "Jane," the management of this very successful comedy have decided to produce the play once more on Saturday evening. The entertainment has been an almost unparalleled success, and every night has found the theatre crowded from orchestra stall to gallery with beaming enthusiasts. Already well over \$1,000 has been cleared for the Red Cross from the undertaking, and a good house on Saturday night would tip the balance very handsomely on the side of the good cause.
Congratulations are pouring in from all sides upon the producer, Mr. Hincks, and the clever company which he has assembled for the play, and Victoria may well consider herself fortunate in having such fine talent to draw on for productions of the kind in so worthy a cause.

PANTAGES One can't get much more fun out of vaudeville than there was at the Pantages yesterday. Frederico Galetti's baboon barber simply made a clean sweep of anything in the laugh line. There's much more to the act than that, too. The Denishaw Dancers are pretty girls, offering something new and beautiful in artistic presentation. The whole big bill is good and rolls along with snap and interest—the way the audiences like to have entertainment.

VARIETY THEATRE Someone has called "Missing," J. Stuart Blackton's great picture of war times, the story of a woman's heart. It tells what brides have to endure in war times, and while it is free from the gruesome, it presents a simple little story of life that is bound to be loved by women the country over. "Missing" will be shown at the Variety today and the balance of the week, with every accessory to make this one of the most notable presentations at Manager Murdoch's theatre.

DOMINION THEATRE An ultra-Bohemian Parisian cafe of the Latin Quarter was built in the Metro studios for the staging of scenes in "Revelation," the great Nazimova's initial starring vehicle under the Metro banner.

Earle Williams and Corinne Griffith are co-stars in "The Love Doctor," the feature film showing at the Columbia today and for the balance of the week.
which is the attraction at the Dominion all this week. The spacious setting representing "The Cabaret of the Three Delights—wine, women and song—brought the exact Bohemian atmosphere of a gay Parisian cafe to the Metro studio. On the same bill Miss Sweeney's comedy with funny little comedian Toto in the leading role. Toto is a wonderful laughter-maker, and his style is something out of the ordinary and highly entertaining.

ROYAL VICTORIA It is seldom that one sees an actress on the screen portraying a role in which she has previously achieved success on the stage, yet that is what winsome Marguerite Clark does in "Prunella," which is the attraction at the Royal Victoria again today. While Miss Clark made her great stage hit in this charming story of love in a Dutch garden, yet it is the unanimous opinion that in the screen version she excels her previous effort. It is a charming story and makes a delightful offering from every standpoint. A good comedy and the latest British weekly make up the balance of an excellent programme.

ROMANO "Baby" Marie Osborne, the charming little Pathe star, is more captivating than ever in "Dolly Does Her Bit," a timely story with a Red Cross sidelight, which will be shown at the Romano today and for the balance of the week.
"Baby" Marie is ideally suited for the role of "Dolly," which she plays in this attractive and youthful drama. Her supporting cast is in thorough harmony with the little star, and the results achieved are exceptionally good from every standpoint. The story deals with the adventures of Dolly and a mechanical doll, which is to be auctioned at a Red Cross bazaar. The doll comes to grief through the fault of Dolly's, who decides to take its place to keep the Red Cross from losing through the doll tragedy. Her subsequent adventures are delightfully startling.

COLUMBIA The amazing story wherein surgery is invoked to give another girl from her own abnormal passions, is portrayed in "The Love Doctor," the Greater Vitaphone Blue Ribbon feature, which will be the attraction at the Columbia today, Friday and Saturday. The surgeon's skill in the interchanging of brain cells instead of restoring Nature's balance in the two young women, sends the girl he vainly loves to the altar and transforms the other into a sweet, retiring woman. Six widely known screen stars are cast in this picture by the Vitaphone Company. Earle Williams and Corinne Griffith play the leads and are supported by Webster Campbell, Ewart Overton, Patay De Forest, Adele De Garde and Frank McDonald.

PRACTICE WITH BIG GUNS
The military authorities request that mariners be advised that practice from the heavy guns at Esquimalt, B. C., will take place (weather permitting) on Thursday, August 15, commencing at 10 o'clock.
A clear course of approximately nine miles is required from a point south of Albert Head to a point off Macaulay Point.

RECORD PRICES WILL BE PAID FOR SALMON
VANCOUVER, B. C., Aug. 7.—The price of sockeye got another boost on Tuesday, when at a meeting of the Fraser River Cannery Association the rates the cannery will pay to the fishermen were set.
At the start of the season the cannery agreed to pay 60 cents per sockeye, the highest opening price in the history of the association. On Tuesday, ended his life early today, because, it was believed here, he feared the disgrace which he thought was upon him for allowing the big boat to go ashore during a heavy fog on July 31.

STEAMER DELAYED FOR LACK OF FIREMEN
VANCOUVER, Aug. 7.—The Norwegian steamer Unita, loaded with cargo for Sydney, was to have sailed Tuesday night, but she is short two men in the stokehold and cannot go to sea until she fills her complement. This morning she shifted to the stream, where she anchored while agents scoured the beach for two specimens of that now rare bird, the marine fireman.

TODAY IS THE LAST FOR TENNIS ENTRIES
Tennis players are once more reminded that entries for the Red Cross tournament, open to all players, which starts at the Victoria Lawn Tennis Club grounds on Saturday, close tonight at 8 p.m.

CANORA'S DAMAGE IS NOT SERIOUS
The Canadian Northern car ferry Canora, which was yesterday reported to have been rammed by an ocean liner, has not been seriously damaged and will be in drydock only a day or two, according to a telegram received yesterday by Acting Mayor Perle. The telegram intimated that the Canora would be able to leave the East for Victoria on original schedule time.
Ald. Forter is acting for Mayor Todd while the latter is in Portland, Ore., attending a meeting of the directors of the Pacific Northwest Tourist Association, of which he is president.

NORTHERN CANNERIES FORESEE RECORD PACK
Some Packers Run Short of Tin—Already Have Taken More Fish Than Normally
PRINCE RUPERT, Aug. 7.—Fishermen and cannerymen agree that indications point to the biggest salmon season in 30 years. The sockeye and humpback have already appeared in the Skeena, and some cannerymen have put up more than their entire pack of last season. At Masset Inlet, Graham Island, the run of pinks is larger than for many a year. Some of the canneries are running short of tin, so great has been the demand for cans. Many of the fishermen are cleaning up from \$40 to \$50 a day. In Naden Harbor one seine took in a thousand salmon at one haul. In one night a six-man crew landed 2,000 fish.

AUSTRALIAN HEN BREAKS ALL RECORDS
Mr. J. R. Terry, of the Department of Agriculture, has just received word of the conclusion of the Victoria, Australia, egg-laying contest. A Black Orpington hen beat the world's record by laying 335 eggs, 27 1/2 dozen in twelve months. This record is all the more remarkable when it is stated that the average weight of the eggs laid by this hen totalled 28 1/2 ounces a dozen. In addition to winning the prize for total eggs laid, she also won first prize for heaviest eggs.
In the Australian egg-laying contest each poultry breeder is allowed to enter individual birds. Each bird is placed in a separate pen and not allowed to mix with any other fowls. It has been found that the best records are made where the fowls are kept singly as in this contest.
The next best layer at the contest was a White Leghorn, which laid 301 eggs in twelve months. A Black Minorca hen laid 259 eggs.
The majority of winning fowls were those that were fed wet mash daily.
